Why Religious Services Reseach Group is Important?

As a nation that believe in God Almighty, We consider the existence of the Religious Service Policy Study Group to be important. Religious life is one aspect of life that is of concern to the government.. The government provides religious services to the community which are supported by other socio-religious institutions.

These groups will focus on areas or research topics related policies in the field of religious life and services , such as protection of religious rights, civil rights of religious adherents, pilgrimage and umrah, waqf. Also includes marriage services, service for worship buildings, counseling and religious counseling philanthropy, management of social funds and religious assets, guarantees of halal products and religious pilgrimage.

Research Themes:

- Protection of Religious Rights
- Services for Civil Rights of Religious Adherents
- Services for Hajj, Umrah, Zakat, Waqf
- Services by Religious Affairs Office (KUA)
